Event program

At the threshold of New Year, when a festive atmosphere is all around Moscow, we once again gather our colleagues at the traditional New Year's Eve meeting at the Metropol hotel dedicated to the annual international conference «Days of Orthodontics» of the Pumpa Group of Companies.

The theme of our meeting this year is innovations in orthodontic treatment.

Different doctors will present at the conference: Dr. John Bennett(UK), Dr. Bjorn Ludwig (Germany) and Dr. Domingo Martin (Spain)!

In addition, Dr. John Bennett will present a new book he wrote with Richard McLaughlin called «Fundamentals of Orthodontic Treatment mechanics».

We'll be happy to spend this beautiful time of the year with you!

Please get acquainted with the information about our conference and our experts.
